WORLD SUSTAINABLE ENERGY ENTREPRENEURS

Dear Entrepreneurs,

we are developing a new platform for **World Sustainable Energy Entrepreneurs (WSEE)** in WSE Initiative.

Therefore we are looking for companies for each country that focus in their work on **Sustainable Energy, Mobility, Environment and Community**.

www.world-sustainable-energy.com/wsee/

ABOUT WSEE

World Sustainable Energy Entrepreneurs (WSEE) is a platform for companies to inform, promote and sell services and products.

WSEE supports entrepreneurship in the fields of Energy, Mobility, Environment and commitment of the Community. WSEE supports as well technologies for developing new systems to prevent the resources of our nature.

We are active in 76 Countries.

WSEE promotes and encourages companies in the name of Sustainability!

BENEFIT OF BEING A WSEE MEMBER

WSEE platform gives companies the opportunity to market their products and services around the globe.

159 Countries – 1693 Cities (01.01.2013 – 31.12.2014)

TCE GOFOUR INC.
Environment

TCE Gofour Inc. is an international company which develops and sells environmentally friendly products all over the world. Located in the Groninger province town of Stadskanaal, TCE Gofour Inc. is engaged in the development of revolutionary green technologies to make it's contribution to a green and sustainable planet. With green products like the Bio Product Processor and HydroxFin, TCE Gofour Inc. wants to be an example for the rest of the world, to show that her green and sustainable products will not only save large amounts of energy, but large amounts of money as well.

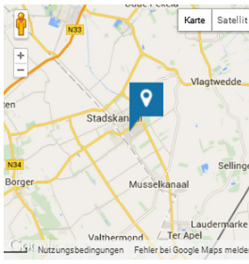

PROFILE DESCRIPTION

For the last few years three companies, FINN BV, Outdoor Boilers of Europe BV and Aerodynamic Technologies BV, intensively developed innovations which will contribute to a social call for a 'green' world. TCE (Technology Centre Europe) is established to develop all these innovations even further in the most effective way and to link them all together.
